

JLG 600 SERIES

- Choice of models with working heights from 20 m to 22 m *
- Fast boom and drive speeds improve work productivity
- Multiple simultaneous boom functions get you to the job quicker
- Proportional controls achieve smoother movement for operator comfort
 - Excellent manoeuvrability for positioning of machine and platform
- Handle the roughest of terrain with increased engine power

* Model 600S & 600SJ - 20 m working height
Model 660SJ - 22 m working height

For more details check the JLG Technical Specification Guide or ask your local JLG representative.

Oscillating axle option for tough travel

Provides increased traction when travelling.

Controls designed for ease of operation

Easier to operate when positioning and controlling movement.

Articulating Jib*

Allows for greater versatility when positioning the platform around obstacles.
* Models 600SJ and 660SJ.

Diagnostic Ground Control Console

Console features three-dimensional decal plus diagnostic maintenance sensors.

Low mount platform access

Step-in entry height and high strength railings provide operator both convenience and security.

Greater serviceability

Improved access with an engine swing-out tray.
